Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-09 Motorcycle Enforcement

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Dowell asked CPD to provide the status of the strategy for dealing with motorcycle groups that come into the city of Chicago.

CPD defers to the oral testimony Chief McDermott provided on October 13, 2021 to the Committee on Public Safety which occurred after CPD's budget hearing. Strategies include but not limited to, briefcam noise detection technology, concentrated efforts by District and specialized units to mitigate motorcycle groups including traffic missions, pod camera review, focused deterrence, open-source social media monitoring, and community outreach. In addition, when applicable, a Special Events order that designates a Deputy Chief the incident commander, pre-identifies multiple tact teams, Area CST teams, a legal officer, traffic Units, and the helicopter to respond when rallying points are identified.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-11 Motorcycle Groups

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Dowell asked CPD to provide data if CPD looks across the country to see if any other police departments are doing anything different that is successful as an enforcement mechanism for dealing with motorcycle gangs and street racing.

CPD's Research and Development Unit reviews policies and directives for best practices and, in doing so, looks at police departments nationwide to see what is not only considered best practices, but also, what changes have been made recently and the impact of those changes.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-13 Consent Decree SGT to PO Ratio

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Tabares asked the CPD to provide information from the Consent Decree that addresses the Sergeant to Police Officers ratio.

Paragraphs 360 through 364 of the Consent Decree address the sergeant to police officer ratio. These paragraphs are provided below:

360. By January 1, 2020, CPD will develop a staffing model to achieve the principles of unity of command and span of control. CPD's staffing model will identify methods to implement unity of command and a span of control ratio of no more than ten officers to one Sergeant for all field units on each watch in each of CPD's patrol districts. To achieve this objective, CPD will maintain, at a minimum, one Sergeant for each sector.

361. In order to achieve unity of command and a span of control of no more than ten officers to one Sergeant in the field units on each watch in each patrol district, the staffing model may consider:

a. staffing requirements for watch operations, including, but not limited to,

watch personnel assigned to field duties and watch administration functions;

b. staffing requirements for all other district law enforcement functions, including, but not limited to, district administration, community policing, and tactical teams;

c. data-driven resource allocation methods incorporating district-specific factors, including, but not limited to, calls for service, public violence, and property crime; and

d. any other considerations CPD deems relevant to achieving unity of command and a span of control ratio of no more than ten officers to one Sergeant in all field units on each watch of the City's patrol districts.

362. By January 1, 2020, CPD will develop a system and protocols to allow the Department to assess, both long-term and on a day-to-day basis, whether field units on each watch in each patrol district meet the requirements for unity of command and span of control.

363. When calculating the span of control ratios for field units, CPD may not use department-wide averages or factor in span of control ratios for Bureau of Patrol units or functions that are not included in the definition of field units above.

364. Beginning no later than January 31, 2020, CPD will begin to implement a staffing model to achieve unity of command and a span of control ratio of no more than ten officers to one Sergeant assigned to field units on each watch in each patrol district.

As always, please let me know if you have any further questions.

ID#: 57-14 Tip Line

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Tabares asked the CPD to please provide more information on the new crime tip hotline.

A 24-hour Gun Trafficking and Homicide Tip Line 1-833-408-0069, which will provide anonymous tip providers with monetary rewards for tips that lead to charges or convictions. Gun trafficking tips leading to charges for 10+ guns will pay \$3k, with an additional \$2k if that tip leads to a conviction. Homicide tips that lead to charges will pay \$10k, with and extra \$5k if that tip leads to conviction.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-19 DCO Rollout

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Reboyras requested the cadence of the DCO roll out in the remaining districts.

The DCO programs next steps are to combine the Neighborhood Police Initiative (NPI) with the CAPS Offices in the 006, 007, 003 District. This will alleviate confusion, remove redundancies, and more efficiently use equipment. The amalgamation process for 003, 006, 007 begins the end of October 2021. The traditional NPI (DCO) roll out will resume in January. It takes approximately two months to roll out 3 districts due to the required training lasting 4 weeks. The next Districts will be 002, 001, 018 Districts starting roll out in January and operational first week of March.

Cadence: 3 new districts will roll out every 2.5 months until full completion.

As always, please let me know if you have any further questions.

ID#: 57-20 Retirement Info

The following information is provided in response to questions posed at our department's hearing on October 4, 2021, to discuss the Proposed 2022 Budget.

Alderman Burnett asked for the Retirement-to-Hiring Ratio for the remainder of 2021 and 2022.

It is too early to determine 2022 retirement to hiring ratio at this time based on upcoming Police Officer applicants and exams. Currently, there are 285 sworn retirements that have been submitted for 2022.

For the remainder of 2021 there are currently 118 submitted retirements. There will be Academy classes in October, November and December. The sizes of those classes are still to be determined as results are pending from the various stages of the hiring process.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-21 Officer Breakdown and Beat Realignment

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Sadlowski-Garza asked CPD to provide factors that justify beat re-alignment, specifically beat 433 in addition to a breakdown of number of officer in each district.

Beat re-alignment includes reviewing factors such as calls for service, resource allocation, and significant community and aldermanic engagement. This task is not taken lightly as it would require citywide review and not just for one beat. BOP will work with Commander Rubio to consider putting up a 433A car when manpower permits or during peak hours. Putting up a 433A car means that there will be an extra patrol car in that specific beat. Putting an extra car in that beat would provide a solution to your concerns while also avoiding the complex and cumbersome process of redefining beats throughout the city.

Please see the attachment for officers by district.

As always, please let me know if you have any further questions.

ID#: 57-23 CEIS Reforms

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Rodriguez asked for a status report on the gang database.

The status report in the upcoming implementation of the Criminal Enterprise Information System (CEIS) has been recently renamed in the Chicago Police Department's (CPD) draft CEIS directive as "active status." "Active Status" is defined as "the identification of a person as a member of a criminal enterprise or street gang."

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-26 CIT Employees

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Rodriguez asked what are the functions for the two civilians on the CIT staff.

The two civilian positions are Community Outreach Coordinator and Principal Operations Analyst.

The Principal Operations Analyst functions include:

- Interfacing with the CIT Program Coordinator, senior leadership, and external stakeholders to identify, define, and evaluate opportunities for improved mental health response efficiency and process improvements;
- Developing work plans and data collection processes for the Crisis Intervention Unit;
- Developing and overseeing the maintenance of databases used to collect and report on CIT- and mental health-related information;
- Developing and presenting on new or revised processes, procedures, and work standards related to the Crisis Intervention Unit and CIT Program;
- Establishing CIT Program performance measurements and monitors and documents outcomes to ensure effectiveness and recommend program modifications; and

- Collaborating with city partners to determine systems trends of high utilization and super utilization.

NOTE: The civilian analyst tendered resignation, effective close of business on 31 July 2021.

The civilian Crisis Intervention Unit Community Outreach Coordinator functions include:

- Facilitating referrals of high utilizers of first responder systems suffering from a severe mental health condition to the intensive and comprehensive care of healthcare and mental health systems, including community resources;
- Conducting Department and community trainings to provide information about CIT and mental health-related topics;
- Serving as a liaison between the Crisis Intervention Unit and residents, community groups, and the mental health community;
- Informing the CIT Program Coordinator of community concerns and ensuring the community has their concerns addressed; and
- Coordinating the Department's and community's participation in special programs and events related to CIT and mental health.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-34 Mounted Unit

The following information is provided in response to questions posed at our department's hearing on October 4, 2021, to discuss the proposed 2022 budget.

Alderman Ramirez-Rosa asked for what the \$78,000 under account 0430, Livestock, was for.

The Chicago Police Department (CPD) is planning to purchase new canines for the Canine Unit to replace dogs that will be retiring and for new Canine Handlers. Additionally, CPD will be purchasing new horses to replace old or deceased horses in the Mounted Unit.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-35 CST Officers

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Osterman asked CPD to provide a detailed report on where the recently removed 500+ CST Officers are being assigned.

As of the announcement of the Strategic Redeployment Initiative, the CST team had approximately 639 members. The proposed redeployment of CST member is subject to change based upon factors such as crime, manpower, and other factors deemed appropriate by the leadership of the Department. Below please find a chart delineating the current strategic redeployments of members from CST to other units.

Unit Deployed to	Number of officers Redeployed
Area Patrol / Deputy Chief	189
Bureau of Counterterrorism Gangs	47
Bureau of Counterterrorism Narcotics	36
Bureau of Detectives Veh. Hijacking Task Force	69
Bureau of Detectives Area 1 Homicide Team	21
Bureau of Detectives Criminal Registration	1

Returned to Unit of Assignment	9
Recruitment and Retention	1

After this redeployment of resources approximately 262 members will remain in CST.

The plan deployed members to CST Area teams to provide focused community level engagement and quicker responses to emerging crime conditions in each patrol area with an emphasis on shootings and homicides. This returns the police officers to the Area Deputy Chiefs that were assigned to the CST team in 2020.

The further components of the CST Strategic Redeployment Initiative include assignments to the Bureau of Counterterrorism's Narcotics, Gang and Intelligence Units, the Bureau of Detectives' Vehicular Hijacking Task Force and Area 1 Homicide Team. This allows for an increased and targeted focused enforcement directed toward these specific types of criminal activity.

As always, please let me know if you have any further questions.

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Osterman and Martin asked CPD to provide the reports from the Crime Lab.

Operationally Sensitive and Law Enforcement Sensitive information is contained within the resource allocation study conducted by UC Crime and Education Lab. Releasing detailed information to the public could be hazardous to the overall public safety of Chicago. If individual Alders or small groups of Alders would like to be briefed, CPD will arrange for those private briefings. Kindly see the attached three (3) documents.

Officer Support System: Proactive Measures to Prevent Police Misconduct

Data-Driven Insights

The OSS introduces a new computer application, driven by four data models, to help proactively identify officers who might benefit most from support.

Meaningful Conversations

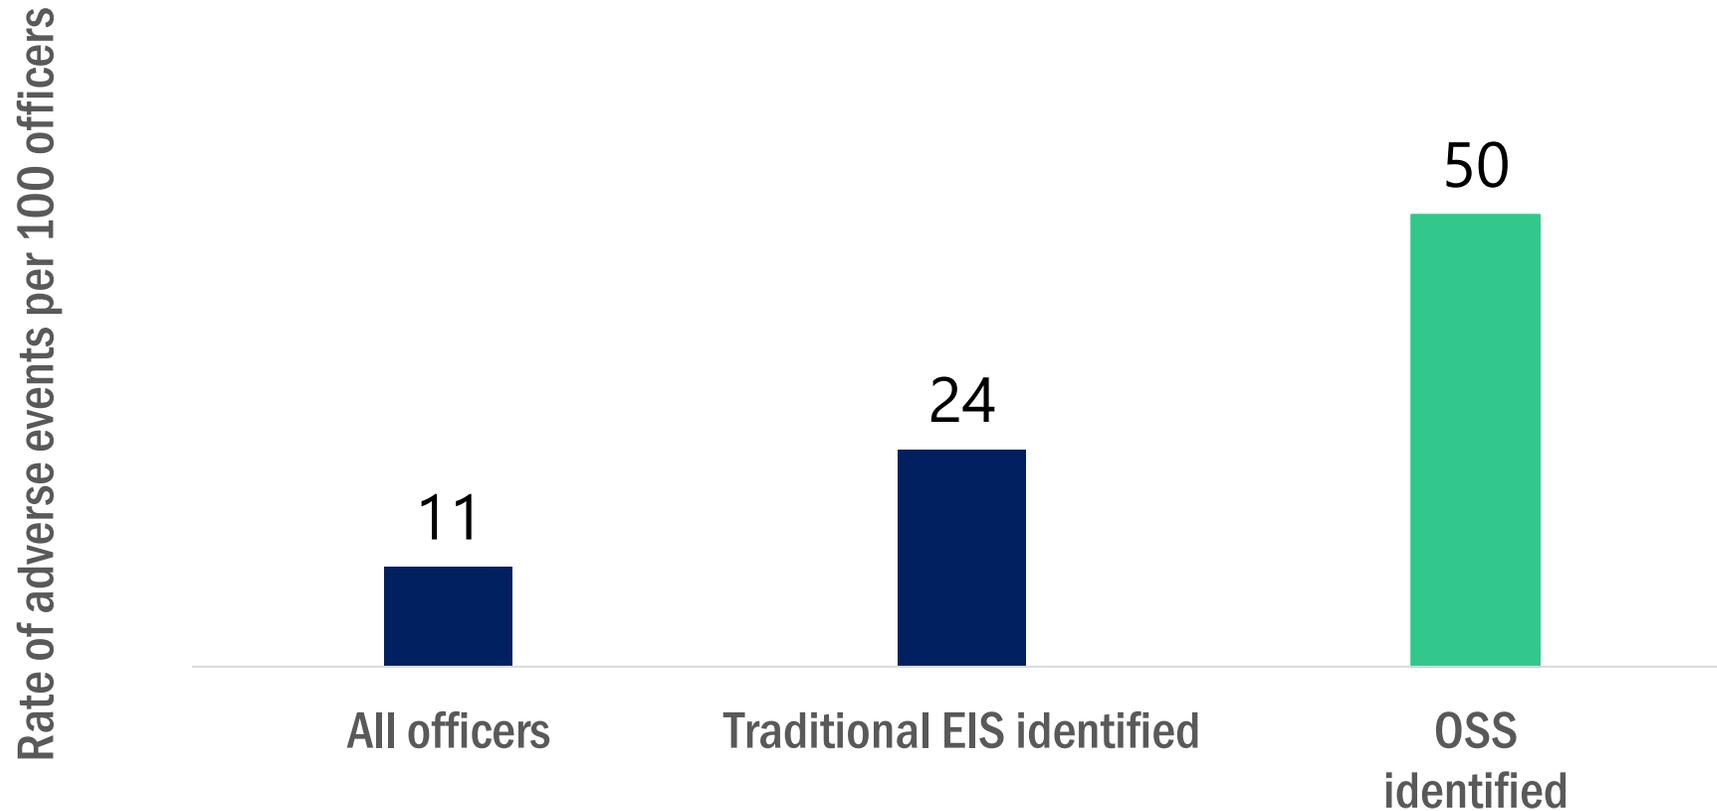

Supervisors check in with these officers who may need support, deciding on any appropriate next steps with the officer.

Proactive Support

Officers are proactively connected to the supports they've decided on with their supervisor.

CLASS TITLE: DEPUTY CHIEF

CHARACTERISTICS OF THE CLASS

Under direction of the First Deputy Superintendent or Chief, the class assists in the direction and management of a major bureau or division within the Chicago Police Department (e.g., Operations, Detectives, Internal Affairs, Education and Training, Special Functions, District Law Enforcement, or Office of the First Deputy). The class assists in ensuring the bureau or division is administered in a manner consistent with the ordinances of the City, the laws of the state, the U.S. Constitution, and the rules and regulations of the Board.

ESSENTIAL DUTIES

- Assists in the management of a bureau/division operations by working to protect the lives, property, and rights of all people, maintains order, and enforces the law impartially. Ensures bureau/division provides quality police service in partnership with other members of the community and strives to attain the highest degree of ethical behavior and professional conduct at all times.
- Assists in the management of an assigned bureau/division organization, promotion, and disciplinary action of all assigned members. Assists in administering legal and legislative matters and various labor agreements, improves the bureau/division's response to domestic violence, and works with residents through community policing. Disseminates information to the public through the news media.
- Assists in the management of general bureau/division field operations, including the protection of life and property, apprehension of criminals, problem-solving to address chronic crime and disorder problems, and enforcing traffic laws and City ordinances. Coordinates and unifies the efforts to maximize use of departmental resources, personnel and technology.
- Assists in the management of the efforts of bureau/division personnel trained in apprehending offenders and completing thorough and unified investigations. Serves as a liaison in matters of criminal and juvenile-related offenses, providing district law enforcement officers with investigative and arrest information, and developing and presenting criminal cases.
- Assists in the management of an assigned bureau/division targeted operations into both international and domestic criminal enterprises. Assists in the coordination of intelligence resources to ensure that the City is protected from and can respond to a complex coordinated terrorist attack.
- Represents the Superintendent of Police, First Deputy Superintendent, and/or Chief at meetings with City officials, governmental agencies and community organizations, etc.

NOTE: *The list of essential duties is not intended to be inclusive; there may be other duties that are essential to particular positions within the class.*

MINIMUM QUALIFICATIONS

Education, Training, and Experience

- This is a Shakman-Exempt position, minimum qualifications subject to change depending on appointment of the Superintendent of Police.
- Desirable qualifications consist of the following:

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Tunney stated that upon retirement, accrued time is cashed out at the last rank/pay scale. The Alderman then asked if there be a use or lose provision so officers are not cashing out a higher rate when upon retirement.

The terms of the collective bargaining agreements are negotiated by the City. This suggestion will be forwarded to the negotiating team for consideration.

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Tunney asked in terms of overtime, when Officers sit in court for long periods of time, does CPD cooperate with the States Attorney to prevent that.

CPD continues to work with the Cook County State's Attorney to ensure that the appropriate officers are present in court for hearings and trials. Whether an officer testifies may depend on court rulings as to what evidence may be admitted and testimony that occurs during the trial. CPD strives to balance the amount spent on overtime for officers who appear in court with the necessity that they be present and ready to offer testimony when needed. If an officer is needed and not in court, it is possible the charges could be dismissed.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-71 Area Detectives

The following information is provided in response to questions posed at our department's hearing on October 4, 2021, to discuss the proposed 2022 budget.

Alderman Vasquez asked to explain how the Area Detectives interact with all the other Detectives (Youth/Response Team/Counter-Terrorism).

The Detective Division operates on a Teams approach where all units within the Bureau of Detectives work with each other and communicate with each other to achieve the desired results. Examples include:

Homicide Detectives work with Financial Crimes Detectives when the motive for murder is a financial gain and many bank records are needed to investigate the murder.

All Detectives work with the Fugitive Unit when seeking the apprehension of offenders after warrants are obtained.

Robbery Detectives work with specialized Carjacking Detectives when the crimes of robbery and carjacking intersect.

Overall, there are multiple meetings from a high level to a lower level where all members share information with each other to help solve crimes.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-72 Summer Outreach

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Nugent asked, regarding street outreach, for the results of the outreach program.

Please see the attached evaluation report prepared by Northwestern regarding the Mayor's Office Street Outreach program.

As always, please let me know if you have any further questions.

Street Outreach in Chicago: Early Learnings from the Research and Evaluation of Communities Partnering 4 Peace and Chicago CRED¹

Outreach Organizations Find the “Right People”

Outreach organizations identify and recruit individuals facing extraordinary risk of gun violence victimization. Prior to enrollment, Chicago CRED participants were **25 times more likely to be shot** than the average Chicagoan, while CP4P participants’ risk was **nearly 60 times greater** than the city average.

Street Outreach Connects Many People to Much-Needed Services

According to a survey of participants, just over **15% of CP4P participants experienced an increase in full or part-time employment** and another **15% increased their educational level** after program participation.

Since its inception, Chicago CRED has helped **63% of its participants who didn’t have high school diplomas earn one**. CRED participants have also received **over 23,500 total hours of services**—including TSM (Traumatic Stress Management), CBI (Cognitive Behavioral Interventions), life coaching, and clinical therapy—during their time in the program.

Outreach Workers Do More than Violence Prevention

Operating amid both the national uptick in gun violence and the COVID-19 pandemic, outreach workers have filled essential public health roles in addition to their violence reduction duties.

- **96.5%** of outreach workers reported taking on additional duties related to the COVID pandemic.
- **95.1%** of outreach workers reported passing out PPE while on duty.
- **93%** of outreach workers reported disseminating health information while on duty.
- **93.7%** of outreach workers reported providing food assistance while on duty.

Early Evidence Suggests Violence & Violent Crime Reduction

For CP4P:

- Gunshot victimization was **20% lower** 18 months after participation and was **31% lower** 24 months after participation.
- Arrests for violent crimes were **28% lower** 18 months after participation and **17% lower** 24 months after participation.

For CRED:

- Gunshot victimization was **50% lower** in the 18 months after program involvement.
- Arrests for violent crimes were **48% lower** in the 18 months after involvement.

Street Outreach in Chicago: Early Learnings from the Research and Evaluation of Communities Partnering 4 Peace and Chicago CRED¹

Outreach Organizations Find the “Right People”

Outreach organizations identify and recruit individuals facing extraordinary risk of gun violence victimization. Prior to enrollment, Chicago CRED participants were **25 times more likely to be shot** than the average Chicagoan, while CP4P participants’ risk was **nearly 60 times greater** than the city average.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-73 Deployed Officers

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Hadden asked CPD to provide the number of Officers assigned to Districts but deployed elsewhere.

Officers assigned to Districts remain deployed within their respective Districts. District personnel do not normally deploy outside of their Districts unless they are detailed out to citywide activities (festivals, large events, etc.).

Please refer to 57-41 for the number of Officers detailed out of the districts.

As always, please let me know if you have any further questions.

ID#: 57-81 Calls Related to Homelessness

The following information is provided in response to questions posed at our department’s hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Martin asked to provide the number of calls for service related to an individual experiencing homelessness.

The OEMC responded to this question via the Through The Chair Process (58-17).

For Convenience, below is that response:

9-1-1 data

Our 9-1-1 system does not have an event type for “homeless” or “homelessness”, but the following data reflects the number of events that feature the word “homeless” in the remarks section of the 9-1-1 event:

Year	“Homeless” mention
2020	16,324

2021 (through 10/3)	12,137
---------------------	--------

3-1-1 data

Our 3-1-1 system tracks calls transferred to the Homelessness Prevention Call Center (HPCC) either via 3-1-1 staff or the 3-1-1 Interactive Voice Response (IVR). Between January 1 and August 31, 2021, the total number of calls and service requests transferred to the HPCC was 81,541.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-82 CST Breakdown

The following information is provided in response to questions posed at our department’s hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman Martin asked, of the reduced CST members, how many are deployed to citywide teams as opposed to those assigned to Districts. Please provide a breakdown of those assigned to Districts.

As of the announcement of the Strategic Redeployment Initiative, the CST team had approximately 639 members. The proposed redeployment of CST member is subject to change based upon factors such as crime, manpower, and other factors deemed appropriate by the leadership of the Department. Below please find a chart delineating the current strategic redeployments of members from CST to other units.

Unit Deployed to	Number of officers Redeployed
Area Patrol / Deputy Chief	189
Bureau of Counterterrorism Gangs	47
Bureau of Counterterrorism Narcotics	36
Bureau of Detectives Veh. Hijacking Task Force	69
Bureau of Detectives Area 1 Homicide Team	21
Bureau of Detectives Criminal Registration	1

Returned to Unit of Assignment	9
Recruitment and Retention	1

After this redeployment of resources approximately 262 members will remain in CST.

The plan deployed members to CST Area teams to provide focused community level engagement and quicker responses to emerging crime conditions in each patrol area with an emphasis on shootings and homicides. This returns the police officers to the Area Deputy Chiefs that were assigned to the CST team in 2020.

The further components of the CST Strategic Redeployment Initiative include assignments to the Bureau of Counterterrorism's Narcotics, Gang and Intelligence Units, the Bureau of Detectives' Vehicular Hijacking Task Force and Area 1 Homicide Team. This allows for an increased and targeted focused enforcement directed toward these specific types of criminal activity.

Alderman Martin asked for how would you envision hiring at a rate that is more rapid. Would like this broken down by month.

The Department is committed to filling all of the Police Officer vacancies. We have worked to streamline the various steps in the process to be more efficient and move candidates through the process in a more timely fashion. We will be having Academy classes throughout 2022 to work to fill our vacancies. We are currently looking at a schedule to have Academy classes on either a standing monthly schedule or six week intervals.

ID#: 57-88 Vaccination Rates

The following information is provided in response to questions posed at our department's hearing on October 4, 2021, to discuss the proposed 2022 budget.

Alderman Beale asked for the number of Officers vaccinated.

As of 3:22pm on 10/21/21, 8,806 members responded in the portal. Of those, 7,196 are vaccinated.

As always, please let me know if you have any further questions.

ID#: 57-89 Northwestern Study

The following information is provided in response to questions posed at our department's hearing on October 4, 2021 to discuss the proposed 2022 budget.

Alderman LaSpata asked CPD to provide the Northwestern study (ELUCD) that was used by the Community Policing office.

Please note ELUCD has not been evaluated by Northwestern. We do publish the current sentiment results at <https://home.chicagopolice.org/statistics-data/data-dashboards/sentiment-dashboard/>

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 57-90 Budget Structure

The following information is provided in response to questions posed at our department's hearing on October 4, 2021, to discuss the proposed 2022 budget.

Alderman La Spata asked for how the different sections of the budget correspond between 2021 and 2022.

The 2022 Budget reflects the current organizational structure of the Chicago Police Department. The primary change in the 2022 budget vs. the 2021 budget is there is no longer the Office of Operations that housed the 1st Deputy Superintendents Office and the Bureau of Patrol and all the units that fall underneath both bureaus. Those two bureaus have been reestablished under the 2022 budget and all the units that fall under each now all underneath the correct bureau.

In addition to breaking up the Office of Operations, the Bureau of Crime Control Strategies was also created in 2021. The 2022 Budget reflects this change.

As always, please let me know if you have any further questions.
